If you have a fac challenge in your organization, we'd like an opportunity to show you how sp Chandralekha Group of Companies, really is. Depending on your needs, please your time in going through our Construction and Real Estate portfo

ISO CERTIFICATION

चंद्रलेखा
dare to dream
An ISO 9001:2000 Certified Company

The origin of the establishment of International Organizations for Standardization (ISO) is the need to agree on world standards to help rationalize the internatio process and to eliminate the so-called "technical barriers to trade" which is of utmost importance in today's time where the world is a global village. The mission promote the development of standardization and related activities in the world with a view to facilitating the international exchange of goods and services. ISO's wo from time to time keeping in mind the growing need of the industry and the changing times.

ISO 9001 is based on quality management principles that best reflect the best management practices.

Chandralekha Group is one of those progressive organization that have implemented ISO's voluntarily only because of by doing so, they expect these standards to h do things better and in the long run benefit all those associated with them, especially the customers both internal and external. As we believe in providing initiative for ISO Certification, today we at Chandralekha Group are more focused with goals and policies, more systemized in our operation and have a dedicated and operational team. We are aiming to incorporate best practices across the construction industry in order to offer best in class residential and commercial premises to customers.

The sea of knowledge gained from this exercise is being meaningfully put us to use before us at all our new and upcoming projects all over India.

Over all ISO, as a management quality system helped us bring about a possible in our way of doing business. ISO has helped us not only in making improvem functioning but also ha gone a long way in increasing our productivity and efficient in quantifiable terms.
